

## Disclosure of Student Lists

In order to maintain the privacy of its students, the board prohibits the disclosure of any student list to any commercial organization which intends to use the list for commercial purposes.

"Student list" is defined as a list containing the names and/or addresses and/or telephone numbers of any or all students currently or formerly enrolled in the school corporation.

"Commercial organization" is defined as any entity which is a for-profit organization.

"Commercial purpose" is defined as any activity which is an attempt to solicit business or profit. Student lists may be provided to a non-profit entity that uses such information for an educational purpose and by law is permitted access to such information.
